

Tidbury Green Parish Council

Important information regarding Planning in Solihull

We bring all Parishioners' attention to the Consultancy document issued by Solihull Borough entitled "**Reviewing the Plan for Solihull's Future**".

The Solihull Local Plan Review will set out the future spatial strategy for the Borough and update the policies and proposals to 2033. This will include the allocation of sites to promote development and flexible use of land and the bringing forward of new land for development where necessary.

It is likely that the Review will be of interest to a wide range of residents, businesses, groups and organisations living or working within the Borough, and the Council wishes to encourage all those with an interest to comment on the matters raised in this document.

The scope of the review, the issues it raises, and the broad options for dealing with them are the subjects of the current consultation (as informed by the publication of this document) and will run to **22nd January 2016**.

This will affect all of us in Tidbury Green. We urge you to read and respond to the consultation document.

This, together with a response form is available on the website at www.solihull.gov.uk/lpr. Copies are also available for inspection at Council Offices and libraries around the Borough. Any comments, preferably using the response form, should be returned by post or email to arrive at Solihull Council no later than **22nd January 2016**.

The Council will then use the responses to the consultation to help develop a Preferred Options document, which is to be consulted on in autumn 2016.
